

Code Of The Illuminati The Antisocial Conspiracy Annotated Conspiracy Of Illuminati

As recognized, adventure as skillfully as experience nearly lesson, amusement, as skillfully as concord can be gotten by just checking out a books **Code Of The Illuminati The Antisocial Conspiracy Annotated Conspiracy Of Illuminati** in addition to it is not directly done, you could acknowledge even more roughly speaking this life, with reference to the world.

We meet the expense of you this proper as competently as simple artifice to get those all. We present Code Of The Illuminati The Antisocial Conspiracy Annotated Conspiracy Of Illuminati and numerous books collections from fictions to scientific research in any way. in the midst of them is this Code Of The Illuminati The Antisocial Conspiracy Annotated Conspiracy Of Illuminati that can be your partner.

Propaganda Edward L. Bernays 1928 With politics taking centre stage due to the US presidential election, the time is perfect for a reprint of this classic work from Edward Bernays, the father of public relations and political spin and the man who designed the ad campaign that got the United States involved in World War I. Written in 1928, this was the first book to discuss the manipulation of the masses and democracy by government spin and propaganda.

The Illuminatus! Trilogy Robert Shea 2012-03-01 It was a deadly mistake. Joseph Malik, editor of a radical magazine, has snooped into rumours about an ancient secret society that turned out to be still alive and kicking. Now his offices have been bombed, he's gone missing, and the case has landed in the lap of a tough, cynical, streetwise New York detective. Saul Goodman knows he's stumbled onto something big - but even he can't guess how far into the pinnacles of power this conspiracy of evil has penetrated. Brimming with sex and violence - in and out of time and space - the three books of The Illuminatus! Trilogy are only partly works of the imagination. They tackle all the important cover-ups of our time - from who

really shot the Kennedys to why there's a pyramid on the one-dollar bill - and suggest a truly mind-blowing reality.

Vaccination Panic in Australia Brian Martin

The Psychosocial Implications of Disney Movies Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives

guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The Lost Code of the Illuminati Abbé Baruel 2014-06-10 This is the third part (of four) of Abbé Barreul's massive polemic history of the French Revolution. This portion of this book is of interest because it contains extensive quotes from the actual literature of the Bavarian Illuminati. This is the comprehensive work in English on the historical theory, structure and practice of the Bavarian Illuminati. It complements Robison's Proofs of a Conspiracy, the other major contemporary account. (J.B. Hare, May 11th, 2008.)

Homicide in American Fiction, 1798-1860 David Brion Davis 2018-03-15 Homicide has many social and psychological implications that vary from culture to culture and which change as people accept new ideas concerning guilt, responsibility, and the causes of crime. A study of attitudes toward homicide is therefore a method of examining social values in a specific setting. Homicide in American Fiction, 1798-1860 is the first book to contrast psychological assumptions of imaginative writers with certain social and intellectual currents in an attempt to integrate social attitudes toward such diverse subjects as human evil, moral responsibility, criminal insanity, social causes of crime, dueling, lynching, the "unwritten law" of a husband's revenge, and capital punishment. In addition to works of literary distinction by Cooper, Hawthorne, Irving, and Poe, among others, Davis considers a large body of cheap popular fiction generally ignored in previous studies of the literature of this period. This is an engrossing study of fiction as a reflection of and a commentary on social problems and as an influence shaping general beliefs and opinions.

The Trillion-Dollar Conspiracy Jim Marrs 2010-06-29 "Jim Marrs can't be ignored. Few in this country shout about The Truth louder than he." —Dallas Observer In The

Trillion-Dollar Conspiracy, Jim Marrs, the New York Times bestselling author of Rule by Secrecy and The Rise of The Fourth Reich, offers a terrifying proposition: that the current economic collapse has been engineered by a tyrannous government and multinational corporations determined to enslave us. Read The Trillion-Dollar Conspiracy and find out how the New World Order, man-made diseases, and zombie banks are destroying America.

American Conspiracy Theories Joseph E. Uscinski 2014 Conspiracies theories are some of the most striking features in the American political landscape: the Kennedy assassination, aliens at Roswell, subversion by Masons, Jews, Catholics, or communists, and modern movements like Birtherism and Truththerism. But what do we really know about conspiracy theories? Do they share general causes? Are they becoming more common? More dangerous? Who is targeted and why? Who are the conspiracy theorists? How has technology affected conspiracy theorising? This book offers the first century-long view of these issues.

The Newton Papers Sarah Dry 2014-04-11 When Isaac Newton died in 1727 without a will, he left behind a wealth of papers that, when examined, gave his followers and his family a deep sense of unease. Some of what they contained was wildly heretical and alchemically obsessed, hinting at a Newton altogether stranger and less palatable than the one enshrined in Westminster Abbey as the paragon of English rationality. These manuscripts had the potential to undermine not merely Newton's reputation, but that of the scientific method he embodied. They were immediately suppressed as "unfit to be printed," and, aside from brief, troubling glimpses spread across centuries, the papers would remain hidden from sight for more than seven generations. In *The Newton Papers*, Sarah Dry illuminates the tangled history of these private writings over the course of nearly three hundred years, from the long span of Newton's own life into the present day. The writings, on subjects ranging from secret alchemical

formulas to impassioned rejections of the Holy Trinity, would eventually come to light as they moved through the hands of relatives, collectors, and scholars. The story of their disappearance, dispersal, and rediscovery is populated by a diverse cast of characters who pursued and possessed the papers, from economist John Maynard Keynes to controversial Jewish Biblical scholar Abraham Yahuda. Dry's captivating narrative moves between these varied personalities, depicting how, as they chased the image of Newton through the thickets of his various obsessions, these men became obsessed themselves with the allure of defining the "true" Newton. Dry skillfully accounts for the ways with which Newton's pursuers have approached his papers over centuries. Ultimately, *The Newton Papers* shows how Newton has been made and re-made throughout history by those seeking to reconcile the cosmic contradictions of an extraordinarily complex man.

HM Government: Serious Organised Crime Strategy - Cm. 8715 Great Britain: Home Office 2013-10-07 This is a new strategy to deal with the challenges we face from serious and organised crime. It is published to coincide with the launch of the new National Crime Agency (NCA) and reflects changes to the threats faced and the lessons learned from previous work. Organised crime includes drug trafficking, human trafficking, and organised illegal immigration, high value fraud and other financial crimes, counterfeiting, organised acquisitive crime and cyber crime. The aim of the strategy is to substantially reduce the level of serious and organised crime affecting the UK and its interests. The strategy uses the framework developed for our counter-terrorist work and has four components: prosecuting and disrupting people engaged in serious and organised crime (Pursue); preventing people from engaging in this activity (Prevent); increasing protection against serious and organised crime (Protect); and reducing the impact of this criminality where it takes place (Prepare). The strategy lists strategic

objectives under each of the four areas of work. Tactical operational objectives (e.g. priority crime groups) will be set by the NCA with law enforcement agency counterparts. Our immediate priority is the work set out under Pursue to prosecute and relentlessly disrupt organised criminals and reduce the threat they pose. Like other threats to our national security, serious and organised crime requires a response across the whole of government, and close collaboration with the public, the private sector and with many other countries

Plots of Opportunity Albert D. Pionke 2004

Psychopaths Texe Marrs 2019-11 Texe Marrs' groundbreaking research on the alarming explosion of psychopaths across America has serious implications for you and your loved ones. This is the first and only book to fully explore psychopathy from a political/social perspective. After first explaining the warped psychopathic mindset, Marrs goes on to describe how a sick and decadent society actually fosters psychopathic behavior and encourages disorderly, criminal, anti-social activity. Marrs shows how psychopathic activity continues to cyclically increase in society until it finally reaches what he terms "Crazy Times." This is a fantastic period in which anything goes and psychopaths practically run amok. This chaotic situation is usually followed by a monstrous historic era similar to the Nazi and Communist epochs.

Psychopathic con-men who claim to be the elite take charge of the government, make incomprehensible changes, and commence horrific crimes against normal humans. America is even now at the threshold of this terrible age of psychopathic destruction.

Code of the Illuminati Abbe Barreul

The New Sultan Soner Cagaptay 2017-04-30 In a world of rising tensions between Russia and the United States, the Middle East and Europe, Sunnis and Shiites, Islamism and liberalism, Turkey is at the epicentre. And at the heart of Turkey is its right-wing populist president, Recep Tayyip Erdoğan. Since 2002, Erdoğan has consolidated his hold on domestic politics

while using military and diplomatic means to solidify Turkey as a regional power. His crackdown has been brutal and consistent - scores of journalists arrested, academics officially banned from leaving the country, university deans fired and many of the highest-ranking military officers arrested. In some senses, the nefarious and failed 2016 coup has given Erdoğan the licence to make good on his repeated promise to bring order and stability under a 'strongman'. Here, leading Turkish expert Soner Cagaptay will look at Erdoğan's roots in Turkish history, what he believes in and how he has cemented his rule, as well as what this means for the world. The book will also unpick the 'threats' Erdogan has worked to combat - from the liberal Turks to the Gulen movement, from coup plotters to Kurdish nationalists - all of which have culminated in the crisis of modern Turkey.

The Virtual Community, revised edition
Howard Rheingold 2000-10-23
Howard Rheingold tours the "virtual community" of online networking. Howard Rheingold has been called the First Citizen of the Internet. In this book he tours the "virtual community" of online networking. He describes a community that is as real and as much a mixed bag as any physical community—one where people talk, argue, seek information, organize politically, fall in love, and dupe others. At the same time that he tells moving stories about people who have received online emotional support during devastating illnesses, he acknowledges a darker side to people's behavior in cyberspace. Indeed, contends Rheingold, people relate to each other online much the same as they do in physical communities. Originally published in 1993, *The Virtual Community* is more timely than ever. This edition contains a new chapter, in which the author revisits his ideas about online social communication now that so much more of the world's population is wired. It also contains an extended bibliography.

Conspiracy & Populism Eirikur Bergmann
2018-08-20 Europeans are being replaced by foreign invaders, aided by cultural

Marxists who are plotting an Islamist subversion of the continent. The Bilderberg group - and/or the Illuminati - are instating a totalitarian New World Order. Angela Merkel is the secret daughter of Adolf Hitler, Barack Obama was illegitimate, and George W. Bush was in on the 9/11 attacks. Also, the Holocaust is a hoax, members of Pussy Riot are agents of the West, and the European Union is resurrecting the Roman Empire, this time as a communist super-state. These are some of the tales that are told by populist political actors across Europe, were raised during the Brexit debate in the UK, and have been promoted by presidents of both the US and Russia. Rapid rise of populist political parties around Europe and across the Atlantic in the early new millennium coincided with the simultaneous increased spread of conspiracy theories. This book entangles the two tropes and maps how right-wing populists apply conspiracy theories to advance their politics and support for their parties.

The Contrarian Max Chafkin 2021-09-21
A biography of venture capitalist and entrepreneur Peter Thiel, the enigmatic, controversial and hugely influential power broker who sits at the dynamic intersection of tech, business and politics. Since the days of the dot-com bubble in the late 1990s, no industry has made a greater global impact than Silicon Valley. And few individuals have done more to shape Silicon Valley than billionaire venture capitalist and entrepreneur Peter Thiel. From the technologies we use every day to the delicate power balance between Silicon Valley, Wall Street and Washington, Thiel has been a behind-the-scenes operator influencing countless aspects of contemporary life. But despite his power and the ubiquity of his projects, no public figure is quite so mysterious. In the first major biography of Thiel, Max Chafkin traces the trajectory of the innovator's singular life and worldview, from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to

his founding of PayPal and Palantir, early investment in Facebook and SpaceX, and relationships with fellow tech titans Mark Zuckerberg, Elon Musk and Eric Schmidt. The Contrarian illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley, such as funding the lawsuit that bankrupted the blog Gawker to strenuously backing far-right political candidates, including Donald Trump for president. Eye-opening and deeply reported, *The Contrarian* is a revelatory biography of a one-of-a-kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy.

The Wiley Blackwell Companion to

Race, Ethnicity, and Nationalism John Stone 2020-10-19 A broad examination of the rise of nationalism, populism, xenophobia, and racism throughout the world *The Wiley Blackwell Companion to Race, Ethnicity, and Nationalism* provides expert insight into the complex, interconnected factors that are influencing patterns of human relations worldwide in a time of rising populist nationalism, intensified racial and religious tensions, and mounting hostilities towards immigrants and minorities. Analyzing the underlying forces which continue to drive global trends, this volume examines contemporary patterns based on the most recent evidence spanning five continents—offering a diversity of interpretations, models and perspectives that address the challenges facing the study of race, ethnicity, and nationalism. The Companion features original contributions by both established experts and emerging scholars that explore an expansive range of theoretical, historical, and empirical case studies. Organized into five sections, the text first discusses growing trends in the United States, the significance of populism in major societies around the globe, and how global changes are influencing regional variations in race, ethnicity, and nationalism. An investigation of global migration patterns is followed by

examination of conflict and violence, from urban riots and boundary disputes to warfare and genocide. The final section focuses on the policy debates resulting from changing patterns and their impact on politics, the economy, and society. Timely and highly relevant, this book: Discusses contemporary issues such as the failure of school systems to provide equal opportunities to minorities, the evolution of the School-to-Prison pipeline, and the Black Lives Matter movement Explores shifts in American race relations, the influence of social media and the internet, and the links between increased globalization and contemporary forms of nationalism, racism, and populism Features essays on national and ethnic identity in China, Japan, and South Korea, India, Central Asia, Africa, Latin America, and Europe Analyzes policies regarding borders, immigration, refugees, and human rights in different countries and regions Offers perspectives on the radicalization of social movements, the creation of ethnic, linguistic and other boundaries between groups, and the models used to understand intractable conflicts in many global settings *The Wiley Blackwell Companion to Race, Ethnicity, and Nationalism* is an indispensable resource for scholars, researchers, instructors, and students across the social sciences, including sociology, political science, global affairs, economics, comparative race and ethnic relations, international migration, social change, and sociological theory. *The Manchurian Candidate* Richard Condon 2013-09-05 'Brilliant...wild and exhilarating' New Yorker Sgt Raymond Shaw is a hero of the first order. He's an ex-prisoner of war who saved the life of his entire outfit, a winner of the Congressional Medal of Honor, the stepson of an influential senator...and the perfect assassin. Brainwashed during his time as a POW he is a 'sleeper', a living weapon to be triggered by a secret signal. He will act without question, no matter what order he is made to carry out. To stop Shaw, his former commanding officer must uncover the truth behind a twisted conspiracy of

torture, betrayal and power that will lead both to the highest levels of the government. - and to Shaw's own past...
Rule by Secrecy Jim Marrs 2001-04-24
What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of clandestine societies and the power they have wielded – from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude covertly to start and stop wars, manipulate stock markets, maintain class distinctions, and even censor the news. Provocative and utterly compelling, *Rule by Secrecy* offers a singular worldview that may explain who we are, where we came from, and where we are going.

Memoirs: The antisocial conspiracy abbé Barruel 1798

Strategies Which All Young Entrepreneurs Must Follow Yash Gupta 2020-06-26
This book is all about entrepreneurial strategies, where you will learn how to manage work and academics together. Strategies which can help you achieve business goals while maintaining grades.

The Domestic Terrorist Threat Jerome Bjelopera 2014-10-31
The emphasis of counterterrorism policy in the United States since Al Qaeda's attacks of September 11, 2001 (9/11) has been on jihadist terrorism. However, in the last decade, domestic terrorists—people who commit crimes within the homeland and draw inspiration from U.S.-based extremist ideologies and movements—have killed American citizens and damaged property across the country. Not all of these criminals have been prosecuted under terrorism statutes. This latter point is not meant to imply that domestic terrorists should be taken any less seriously than other terrorists.

Power, Politics, and Paranoia Jan-Willem van Prooijen 2014-05-29
Why are people frequently suspicious of their political and

corporate leaders? This book examines the psychological roots of political paranoia.
Lives in the Shadow with J. Krishnamurti Radha Rajagopal Sloss 2011-08-31
For nearly half a century the charismatic, strikingly handsome spiritual teacher J. Krishnamurti gathered an enormous following throughout Europe, India, Australia and North America. From the age of eighteen he was the forerunner of the type of iconoclasm that would bring immediate fame to cult figures in the late twentieth century. Yet recent biographies have left large areas of his life in mystifying darkness. This, however, is no ordinary study of Krishnamurti, for it is written by one whose earliest memories are dominated by his presence as a doting second father—tolerant of pranks and pets, playful and diligent. For over two decades in their Ojai California haven, where Aldous Huxley and other pacifists found respite during the war years, 'Krinsh' developed his philosophical message. He also placed himself at the centre of her parents' Rosalind and Rajagopal's marriage. In a spirit of tenderness, fairness, objective inquiry, and no little remorse, the author traces the rise of Krishnamurti from obscurity in India by selection of the Theosophical Society to be the vehicle of a new incarnation of their world teacher. Breaking from Theosophy, Krishnamurti inspired his own following, retaining the dedication of his longtime friend Rajagopal, himself highly educated, to oversee all practicalities and the editing and publication of his writings. How this bond of trust was breached and became clouded in confusion with a new wave of devoteeism lies at the heart of this extraordinary story. So does a portrait of intense romantic intimacy and the conundrum of Krishnamurti's own complex character.

Hermes Explains Wouter J. Hanegraaff 2019-05-28
Few fields of academic research are surrounded by so many misunderstandings and misconceptions as the study of Western esotericism. For twenty years now, the Centre for History of Hermetic Philosophy and Related Currents

(University of Amsterdam) has been at the forefront of international scholarship in this domain. This anniversary volume seeks to make the modern study of Western esotericism more widely known beyond specialist circles, while addressing a range of misconceptions, biases, and prejudices that still tend to surround it. Thirty major scholars in the field respond to questions about a wide range of unfamiliar ideas, traditions, practices, problems, and personalities that are central to the field. By challenging many taken-for-granted assumptions about religion, science, philosophy, and the arts, this volume demonstrates why the modern study of esotericism leads us to reconsider much that we thought we knew about the story of Western culture.

The Hacker Crackdown, Law and Disorder on the Electronic Frontier Bruce Sterling 2013-02 This book is part of the TREDITION CLASSICS. It contains classical literature works from over two thousand years. Most of these titles have been out of print and off the bookstore shelves for decades. The book series is intended to preserve the cultural legacy and to promote the timeless works of classical literature. Readers of a TREDITION CLASSICS book support the mission to save many of the amazing works of world literature from oblivion. With this series, tredition intends to make thousands of international literature classics available in printed format again - worldwide.

Founding Fathers, Secret Societies Robert Hieronimus 2005-12-28 An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the

Rosicrucians, and other esoteric orders. In Founding Fathers, Secret Societies Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal--which appears on the back of the one-dollar bill--is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.

Alibi Island SLMN 2020-06-02 "Any readers who have been fans of Dan Brown's conspiracies will enjoy." --New York Journal of Books on Sunfail Alibi Island is the one place on earth where the rich and famous are kings. Back in America they're just rich. They're surrounded by the cult of celebrity their wealth brings, but they can never be themselves. They can never indulge in their darkest desires and let the beast that is their true nature out. The place is legendary. Few ever get the black and gold card inviting them to indulge, and fewer still can afford the stay. But there is a dark side to paradise. The island is the hub of a human trafficking operation that sees children stolen from their families in India and Asia and familiar faces of milk cartons in the United States. Every taste and perversion needs to be catered for on the Island. And when the young sex slaves are finally broken and used up then they become fair game in a murderous hunt where, with nowhere to go, they are forced to run for their lives. Alibi Island is lucrative business. What happens on the island stays on the island. That's the promise. But it is a lie. Everything that happens is recorded. All of that footage becomes blackmail material down the line, as the islands secret power brokers look to cement their stranglehold on power. And when a Senator's daughter's disappearance is linked to the island all of its darkest secrets are at risk..

Secret Societies Nick Harding 2005-05-01

Secret Societies in one form or another have existed throughout the history of human culture. But what is their appeal? What is it that makes so-called respectable people indulge in peculiar ceremonies, dressed in fanciful costumes uttering blood-curdling oaths of loyalty with the threat of death hanging over them should they reveal the inner workings of the cult? Are these organisations simply a way for like-minded followers to get together in a convivial atmosphere for purely social reasons or is there really a dark side to their activities. Are they really trying, as some have suggested, to control world affairs for their own nefarious ends or in some cases harbour the Devil? Are the secret societies' claims that they are in the possession of great knowledge or valuable secrets also true? Are they really trying to engineer history or keep hidden that which may bring about the fall of a religion or a country? In *Secret Societies* Nick Harding describes some of the best known organisations along with some of their least known counterparts. He highlights the similarities that all these cults have - they all work to a similar pattern and that basic human psychology plays a far more important role in their continued existence and their enduring appeal than any hidden wisdom, knowledge or world-shattering secret.

The 2030 Spike Colin Mason 2013-06-17
The clock is relentlessly ticking! Our world teeters on a knife-edge between a peaceful and prosperous future for all, and a dark winter of death and destruction that threatens to smother the light of civilization. Within 30 years, in the 2030 decade, six powerful 'drivers' will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age. Depleted fuel supplies, massive population growth, poverty, global climate change, famine, growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences. In the face of both doomsaying and denial over the state of our

world, Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is, and our possible futures. Ultimately his message is clear; we must act decisively, collectively and immediately to alter the trajectory of humanity away from catastrophe. Offering over 100 priorities for immediate action, *The 2030 Spike* serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright, peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization. This book is powerful and essential reading for all people concerned with the future of humanity and planet earth.

Detecting Conspiracy Theories on Social Media William Marcellino 2021

Using linguistic and rhetorical theory, researchers developed an improved model of machine-learning technology to detect conspiracy theory language. This report describes the results and suggests ways to counter effects of online conspiracy theories.

Conspiracy Theories J. Byford 2011-10-12

Through a series of specific questions that cut to the core of conspiracism as a global social and cultural phenomenon this book deconstructs the logic and rhetoric of conspiracy theories and analyses the broader social and psychological factors that contribute to their persistence in modern society.

The antichristian conspiracy abbé Barruel 1797

Bloodlines of the Illuminati: Fritz

Springmeier 2019-03-04
The iLLamanati have emerged from hidden places of the Earth to shed light on the dark side of human endeavors by collating and publishing literature on the secrets of the Illuminati. Representing the Grand Llama, an omniscient, extradimensional light being who is channeled by our Vice-Admiral, Captain Space Kitten, the iLLamanati is organized around a cast of interstellar characters who have arrived on Earth to wage a battle for the light. Bloodlines of the

illuminati was written by Fritz Springmeier. He wrote and self-published it as a public domain .pdf in 1995. This seminal book has been republished as a three-volume set by the iLLamanati. Volume 1 has the first eight of the 13 Top Illuminati bloodlines: Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, and Onassis. Volume 2 has the remaining five of the 13 Top Illuminati bloodlines: Rockefeller, Rothschild, Russell, Van Duyn, and Merovingian. Volume 3 has four other prominent Illuminati bloodlines: Disney, Reynolds, McDonald, and Krupps.
