Ten Arguments for Deleting Your Social Media Accounts Right Now Jaron

Lanier 2018-05-29 AS SEEN IN THE NETFLIX DOCUMENTARY THE SOCIAL DILEMMA A WIRED "ALL-TIME FAVORITE BOOK" A FINANCIAL TIMES BEST BOOK "THE CONSCIENCE OF SILICON VALLEY"- GQ "Profound . . . Lanier shows the tactical value of appealing to the conscience of the individual. In the face of his earnest argument, I felt a piercing shame about my own presence on Facebook. I heeded his plea and deleted my account." - Franklin Foer, The New York Times Book Review "Mixes prophetic wisdom with a simple practicality . . . Essential reading." - The New York Times (Summer Reading Preview) You might have trouble imagining life without your social media accounts, but virtual reality pioneer Jaron Lanier insists that we're better off without them. In Ten Arguments for Deleting Your Social Media Accounts Right Now, Lanier, who participates in no social media, offers powerful and personal reasons for all of us to leave these dangerous online platforms. Lanier's reasons for freeing ourselves from social media's poisonous grip include its tendency to bring out the worst in us, to make politics terrifying, to trick us with illusions of popularity and success, to twist our relationship with the truth, to disconnect us from other people even as we are more "connected" than ever, to rob us of our free will with relentless targeted ads. How can we remain autonomous in a world where we are under continual surveillance and are constantly being prodded by algorithms run

by some of the richest corporations in history that have no way of making money other than being paid to manipulate our behavior? How could the benefits of social media possibly outweigh the catastrophic losses to our personal dignity, happiness, and freedom? Lanier remains a tech optimist, so while demonstrating the evil that rules social media business models today, he also envisions a humanistic setting for social networking that can direct us toward a richer and fuller way of living and connecting with our world.

Catch & Release Blythe Woolston 2012-02-01 I should have died quick. But I didn't. I'm a miracle of modern medicine, only the medicine doesn't get much credit, I notice. People say I'm lucky, or I'm blessed, and then they turn away. I'm not the only miracle. There's Odd too. Polly Furnas had The Plan for the future. Get married to Bridger Morgan, for one. College, career, babies. Etc. All the important choices were made. It was all happily-ever-after as a diamond-ring commercial. But The Plan did not include a lethal drug-resistant infection. It did not include "some more reconstruction and scar revision in the future." And it certainly did not include Odd Estes, a trip to Portland in an ancient Cadillac to "tear Bridger a new one," fly fishing, marshmallows, Crisco, or a loaded gun. But plans change. Stories get revised and new choices must be made. Polly and Odd have choices. Surviving or not. Catch or release.
