Promoting Yourself Marlene Caroselli 1995

The Failure of Success Lawrence R. Samuel 2020-06-04 This history of success in the United States illustrates the degree to which personal and professional accomplishments have determined overall life satisfaction. Beyond serving as a guide to the past, present, and future of success in America, especially that found in the business world, this book poses a provocative argument: the standard practice of employing outer-directed measures of success, notably wealth, power, and fame, has worked to the psychological disadvantage of many Americans. More specifically, it shows that a comparative and competitive view of success has made a significant number of individuals feel less successful than if more inner-directed measures were used. Ironically then, the traditional model of success in the United States has been largely a failure. This work offers historians, practitioners, and general readers of non-fiction a blueprint for how to adopt a more meaningful and positive model of success in their everyday lives.

Reinventing Your Career Stephen P. Adams 1996 Using illustrations from his life and from other successful career reinventors, Adams helps readers get from one career to another. He helps them cope with the emotional and spiritual effects of job loss. Providing the tools necessary to construct a personal mission statement, this book includes interviews with career placement experts and offers an extensive appendix recommending outstanding resources.

Book Review Digest 1993 Excerpts from and citations to reviews of more than 8,000 books each year, drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. - Publisher.

Incentive 1993 Managing and marketing through motivation.
