Share Your Light T. Bell 2020-08-04 A Children's Story & Coloring Book that was created to help explain how there is a light in all things and how that light connects everyone and everything. The message of this book helps address larger concepts such as: oneness, unity, diversity, mindfulness, energy, love, and compassion in a language that children can understand and enjoy. Children are invited to see themselves as co-creators of this book by signing their name on the "Colored by" autograph page. Also included are 25 coloring pages that include a small hidden fairy on each page for children to find as they color and enjoy reading (or

hearing) this rhyming message of sharing light and love with the world.

Book Text: Hello my friend, I am so glad you are here! Did you know that there is so much more to you than what you see in the mirror? Do you know how wonderful and special you are? You shine so bright, like a big beautiful star! Just like the sun shining on a beautiful day a light shines inside you, in the most beautiful way. The love in your heart creates a bright light within you! In fact, that same bright light is in everyone else, too! This light is so special because it connects everyone. Like a puzzle, we are all pieces that together make up one. In case you are wondering how to make your light shine, it gets brighter and brighter when you are loving and kind. Your light shines when you spend time thinking about

what you love, like spending time with a friend, a pet, or getting a great big hug! When we think about things we love, we send light into the world. This is something everyone can do, even little boys and girls. Your love shines out from the center of your heart, so that is always the best place to start! People may look different in size, shape and color but the light inside the heart connects everyone together! This is why you and other people are not so different at all, even if one person is really short and another really tall! Did you know that light is in everything you see? It is even in those creatures that live under the dark sea! So remember, even when someone looks different than you, you're connected because they have light inside of them too. When we send love to ourselves, people, animals and things, we are helping increase the light that is in everything! Think of love as a super power that everyone shares and you can use your special power as often as you dare! Whenever you'd like, you can feel the love inside of you and simply let it flow into everything you say and do. Sharing your love in this way is like planting seeds with a garden hoe, the more seeds you plant, the more flowers that will grow! Did you know that love expands and gets bigger the more you share it? The more you practice the sooner it will become a beautiful habit! Go ahead, you can try it right now if you wish. Try sending love to your family, dog, cat or fish! Sending love is like putting on a warm and cozy sweater, just like a

hug, it makes everyone feel better! Love never runs out so you can share it with not just one, but two. You can even send love to the trees, grass or animals at the zoo! Think about something you love until it brings a smile to your face. Now send that loving feeling all over Earth...all the way to outer space!

Shine Carley Hauck 2021-02-23 A top conscious business consultant shares the essential inner skills you need to be a force for change—in your workplace and in the world. The way we do business is changing. Every day, we see new evidence that we've got to move away from the status quo that is burning out workers, enabling greed, and endangering our planet. Yet how do you develop the skills and practical tools to prioritize people, planet, and prosperity? "Everything starts with your inner game," teaches conscious business consultant Carley Hauck. "In this book, I'll share the most powerful methods I know for learning to fully embody your

highest values, lead with compassion and generosity, and create soul-nourishing workplaces that become forces of good in the world.” With *Shine: Ignite Your Inner Game to Lead Consciously at Work and in the World*, Hauck distills the research-based methods and game-changing skills she’s brought to corporate settings such as LinkedIn, Pixar, Genentech, Clif Bar, and more. Here you’ll learn tools and practices for cultivating the six “inner game skills” for conscious leadership:

- Self-Awareness—understand your strengths, blind spots, motivations, and behaviors, and how these impact others
- Emotional Intelligence—learn how to navigate challenging feelings and develop the qualities of empathy and attunement
- Resilience—how to adapt gracefully to the constant state of change in business and the world
- Love—lead from the heart, create a caring and collaborative workplace, and build lasting connections based on shared passion and ideals
- Well-Being—self-care techniques to prevent burnout in the workplace and promote sustainability for the planet
- Authenticity—embracing the shadow sides of yourself and your workplace through vulnerability, forgiveness, and trust

Leadership in a conscious workplace is not just about CEOs and executives—everyone has a role to play to create a healthier, more equitable, earth-friendly way of doing business. “I want to support you in cultivating a strong, brilliant inner game that will help you inspire greater collaboration, innovation, and belonging,”

says Carley Hauck. “We need each other’s support for a collective response to today’s complexities. When we grow the qualities that allow us to shine from the inside out, we each contribute our light to the creation of a better world.”

The Free World Louis Menand 2021-04-20 "An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one." —Carlos Lozada, *The Washington Post* "The *Free World* sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | *A Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years. The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new

sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of “freedom” applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt’s Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage’s residencies at North Carolina’s Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg’s friendship with Lionel Trilling, James Baldwin’s transformation into a Civil Right spokesman, Susan Sontag’s challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America’s once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.

Shine Bright Danyel Smith 2022-04-19 American pop music is arguably this country's greatest cultural contribution to the world, and its singular voice and virtuosity were created by a shining thread of Black women geniuses stretching back to the country's founding. This is their surprising, heartbreaking, soaring story—from “one of the generation's greatest, most insightful, most nuanced writers in pop culture” (Shea Serrano) “This book is revelatory about the specific experiences of Black women in music.”—Dawnie Walton, author of *The Final Revival of Opal & Nev* ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Oprah Daily, Essence, Electric Lit A weave of biography, criticism, and memoir, *Shine Bright* is Danyel Smith's intimate history of Black women's music as the foundational story of American pop. Smith has been writing this history for more than five years. But as a music fan, and then as an essayist, editor (Vibe, Billboard), and podcast host (Black Girl Songbook), she has been living this history since she was a latchkey kid listening to “Midnight Train to Georgia” on the family stereo. Smith's detailed narrative begins with Phillis Wheatley, an enslaved woman who sang her poems, and continues through the stories of Mahalia Jackson, Dionne Warwick, Aretha Franklin, Gladys Knight, and Mariah Carey, as well as the under-considered careers of Marilyn McCoo, Deniece Williams, and Jody Watley. *Shine Bright* is an overdue paean to musical masters whose true stories and genius have

been hidden in plain sight—and the book Danyel Smith was born to write. *Superluminous* Ian De Haes 2020-03-10 Nour loves the luminous glow she was born with, but it's only when it starts to dim that she discovers the true power of her brilliant light. Nour has a superpower: she glows. Her light shines so bright, she feels like a star in the night sky. But when kids at school notice her glow, they're not impressed. If she had a real superpower, they say, she could fly or turn invisible. So Nour stops feeling special. And as her light dims, her world darkens . . . until a nighttime cry from her baby sister shows her how powerful her glow can be. Ian De Haes's heartfelt story and radiant illustrations highlight themes of self-confidence, bravery, empathy, and the imaginative power of a strong female protagonist—whose name means light in Arabic.

Shine! J.J. Grabenstein 2019-11-05 "Inspirational, commonsensical, and a whole lot of fun." --James Patterson Everyone deserves to shine in this sparkling new book from the New York Times bestselling author of *Escape from Mr. Lemoncello's Library*, Chris Grabenstein, and coauthor J.J.

Grabenstein--just right for fans of Word of Mouse and The Fourteenth Goldfish. "Who do you want to be?" asks Mr. Van Deusen. "And not when you grow up. Right here, right now." Shine on! might be the catchphrase of twelve-year-old Piper's hero--astronaut, astronomer, and television host Nellie Dumont Frisse--but Piper knows the truth: some people are born to shine, and she's just not one of them. That fact has never been clearer than now, since her dad's new job has landed them both at Chumley Prep, a posh private school where everyone seems to be the best at something and where Piper definitely doesn't fit in. Bursting with humor, heart, science, possibilities, and big questions, Shine! is a story about finding your place in the universe--a story about figuring out who you are and who you want to be.

The Sun Does Shine Anthony Ray Hinton 2018-03-27 Oprah's Book Club Summer 2018 Selection The Instant New York Times Bestseller A powerful, revealing story of hope, love, justice, and the power of reading by a man who spent thirty years on death row for a crime he didn't

commit. “An amazing and heartwarming story, it restores our faith in the inherent goodness of humanity.” –Archbishop Desmond Tutu In 1985, Anthony Ray Hinton was arrested and charged with two counts of capital murder in Alabama. Stunned, confused, and only twenty–nine years old, Hinton knew that it was a case of mistaken identity and believed that the truth would prove his innocence and ultimately set him free. But with no money and a different system of justice for a poor black man in the South, Hinton was sentenced to death by electrocution. He spent his first three years on Death Row at Holman State Prison in agonizing silence—full of despair and anger toward all those who had sent an innocent man to his death. But as Hinton realized and accepted his fate, he resolved not only to survive, but find a way to live on Death Row. For the next twenty–seven years he was a beacon—transforming not only his own spirit, but those of his fellow inmates, fifty–four of whom were executed mere feet from his cell. With the help of civil rights attorney and bestselling author of Just Mercy, Bryan Stevenson, Hinton won his release in 2015. With a foreword by Stevenson, *The Sun Does Shine* is an extraordinary testament to the power of hope sustained through the darkest times. Destined to be a classic memoir of wrongful imprisonment and freedom won, Hinton’s memoir tells his dramatic thirty–year journey and shows how you can take away a man’s freedom, but you can’t take away his imagination, humor, or

joy.

But the Greatest of These Is Love Edward M. Vigeant 2014-03-05 This new Thought System emphasizes application rather than theology. It specifically states that a universal religion is impossible, but a Universal Experience is not only possible, but also necessary. This Universal Experience is Love. Universal means that all of the billions of people who have passed through this world since time began and all of the people who are here now (seven billion) would know God. God is Love. To know Gods Love within is to know God. Where learning ends, there is Love. Love is not learned. There was never a time in which you knew it not. Once this new perception of God is accepted, then everything changes. The quiet Voice of Love will help you to reinterpret everything you have been taught as fearful and that makes you feel guilty and will change them to... only what is loving is true. There are no rules and regulations to obey. You need do nothing. The Power of Love will set you free. It is not through any of your efforts. Here is the ultimate release, which everyone will one

day find in his own way, at his own time. Think about this: If Love is the primary focus of your life, what are you going to do wrong? - Fear God and keep His commandments becomes Know God and accept His Certainty. According to Wikipedia, it is estimated that there are approximately 4,200 religions in the world today. I say But the Greatest of These is Love.

Life-Study of Genesis Witness Lee 1987-12-01
In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

The Letter to the Philippians G. Walter Hansen 2009-10-05 In this commentary G. Walter Hansen offers rich exposition of the text of *Philippians* as well as wisdom and maturity in its application. In so doing

he emphasizes partnership--the social and corporate dimensions of community--in the progress of the gospel. After a select bibliography, Hansen's introduction sets forth the historical setting of the church in Philippi, the nature and occasion of the letter, and a preview of two key themes--the gospel of Christ and the community in Christ. The commentary itself discusses *Philippians* in light of these themes, considering Paul's greetings, reports of gospel ministry, imperatives for citizens worthy of the gospel, recommendations of two Christ-like servants, and disclosures of his personal experience. Hansen's treatment as a whole is distinctive for the way it draws out and highlights the themes of partnership, citizenship, and friendship in Paul's *Philippian* letter. "With themes and emotions so varied, the letter to the *Philippians* needs a commentator with a sure grasp and a warm heart. . . . Hansen writes with admirable clarity and simplicity, even when he is unpacking notoriously complex matters." -- D. A. Carson (from the preface)
